Techmark Japan and Shimamura Music Start Five year Warranty Program for Electric Pianos

Techmark Japan and Shimamura Music today announced the start of a five-year warranty program for electric pianos. The new warranty program will be available from November 1, 2017, and will cover not only the cost of repairs in the event of a mechanical or electrical breakdown but also accidental damage.

In addition to covering mechanical breakdowns such as the power switch not activating the piano, the warranty program will provide coverage for common household accidents that lead to the electric piano's malfunction, such as a child spilling a drink on the keyboard or a pet chewing through a cable.

The program will be available at Shimamura's stores nationwide (including online purchases).
