### **Techmark Japan and TOTO start 10 year warranty plan for residential equipment**

Techmark Japan announced the start of a ten-year warranty program with plumbing fixture and residential equipment maker, TOTO LTD.

This new warranty program is available to end-users through registered TOTO remodel member shops. The program offers coverage of plumbing fixtures and other residential equipment such as toilet seats, bathtubs, bathroom ventilation systems, water boilers and air conditioners. Coverage begins on the date the installation of the fixture or equipment is complete and in effect until the end date of the ten-year warranty period. All repair costs incurred as a result of mechanical breakdowns will be covered during this time.

The program is available at the registered TOTO remodel member shops nationwide.
